**Baldwin County School
Acceptable Use Policy**

The Baldwin County School District supports the rights of students and staff to have reasonable access, in school, to various information formats and believes it is incumbent upon students and staff to use this educational advantage in an appropriate and responsible manner.

District Technology can be defined as any electronic device, tool, system, service, or other property owned by the Baldwin County School District.

Responsible Use

This policy outlines the guidelines and behaviors that all users are expected to follow when using technology. It is the responsibility of both Baldwin County Schools and parents to help prepare students to be responsible members of a digital society and digital citizens who:

Understand human, cultural, and societal issues related to technology.

Practice legal and ethical behavior online.

Advocate and practice safe, legal, and responsible use of information and technology.

Exhibit a positive attitude toward using technology to support collaboration, communication, creativity, and critical thinking.

Demonstrate personal responsibility for lifelong learning.

Exhibit leadership for digital citizenship.

Policies, guidelines and rules refer to all computing devices including but not limited to computers, mobile web enabled devices, iPads, MP3 players, portable memory storage devices, calculators with interfacing capability, cell phones or electronic communication devices, digital cameras, etc., as well as technology infrastructure, associated peripheral devices and/or software that access the Baldwin County Schools internet/computer network; and all computers and devices owned by the Baldwin County Schools.

Prohibited Use

Unacceptable uses of school electronic resources include, but are not limited to:

1. Accessing or Communicating Inappropriate Materials–Users may not access, submit, post, publish, forward, download, scan or display defamatory, abusive, obscene, vulgar, sexually explicit, sexually suggestive, threatening, discriminatory, harassing, bullying and/or illegal materials or messages.

2. Illegal Activities– Users may not use the school district’s computers, electronic devices, networks, or internet services for any illegal activity or in violation of any school district policy/procedure or rules. Baldwin County Schools and its employees and agents assume no responsibility for illegal activities of users while using school computers or school-issued electronic resources.

3. Violating Copyrights or Software Licenses– Downloading, copying, duplicating and distributing software, music, sound files, movies, images or other copyrighted materials without the specific written permission of the copyright owner is prohibited, except when the use falls within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC) and content is cited appropriately.

4. Plagiarism– Users may not represent as their own work any materials obtained on the internet (such as term papers, articles, music, etc.). When using other sources, credit must be given to the copyright holder. Users should not take credit for things they didn’t create themselves, or misrepresent themselves as an author or creator of something found online. Research conducted via the internet should be appropriately cited, giving credit to the original author.

Baldwin High School

5. Cyberbullying– Cyberbullying will not be tolerated. Harassing, denigrating, impersonating, and cyberstalking are all examples of cyberbullying. Do not send emails or post comments with the intent of scaring, hurting, or intimidating others. Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime.

6. Misuse of Passwords/Unauthorized Access– Users may not share passwords; use any user account/password that is not assigned to them; or attempt to circumvent network security systems.

7. Malicious Use/Vandalism– Users may not engage in any malicious use, disruption or harm to the school district's computers, electronic devices, network and internet services, including but not limited to hacking activities and creation/uploading of computer viruses.

8. Avoiding School Filters– Users may not attempt to use any software, utilities or other means to access internet sites or content blocked by the school filters.

9. Unauthorized Access to Blogs/Social Networking Sites, Etc.– Users may not access blogs, social networking sites, etc. prohibited by school administration or the Technology Department. Teachers and students using authorized social networking sites for educational projects or activities shall follow the age requirements and legal requirements that govern the use of social networking sites in addition to the guidelines established in this policy.

10. Degrade System Resources– Users shall not use the network in such a way that would degrade the performance system resources or disrupt the use of the network by others. This includes but is not limited to excessive printing, file storage, online games, and video/audio streaming not directly related to educational projects, as determined by the supervising instructor or school administrator.

11. Unauthorized Equipment– Users may not attach unauthorized equipment, including personal laptops, tablets, and handheld devices, to the district network without permission from the school administration or the Technology Department.

Safety/Security

All users are given accounts upon entry into Baldwin County Schools. Any user account given is intended for the sole use of that user only. Each user is responsible for the security of the system. Passwords should not be shared. If a user shares a password with another, that user will be held accountable.

Users may not reveal personal information, including a home address and phone number, about themselves or another individual on any unsecured electronic medium, such as web sites, blogs, podcasts, videos, wikis, or social networking sites. If users encounter dangerous or inappropriate information or messages, they shall notify the school administration immediately.

Staff may post student pictures on district/ school/classroom “public” websites as long as the student’s name or other identifying information is not included. Students’ grades, test results, or identifying pictures may be stored only on district-approved secure sites that require a username and password for authorized individuals to access.

Using electronic devices to make video/sound recordings or digital images of others without the consent of those being recorded is strictly prohibited. Restrictions against inappropriate language apply to all communication throughout the district network, including but not limited to public messages, private messages, and material posted on web pages. The use of cameras in any type of electronic device is strictly prohibited in locker rooms and restrooms.

School staff must maintain the confidentiality of student data in accordance with the Family Education Rights and Privacy Act (FERPA).

Baldwin High School

Students may be issued a school email address to improve student communication and collaboration on school projects. Email shall be used only for educational purposes that directly relates to a school project or assignment.

Damage/Liability

Users may be responsible for compensating the school district for any losses, costs or damages incurred for violations of Board policies/procedures and school rules, including the cost of investigating such violations. The school district assumes no responsibility for any unauthorized charges or costs incurred by users while using school district computers, devices, or the school network.

Expectation of Privacy

No right of privacy exists in the use of technological resources provided by the school. School system administrators or individuals designated by the Superintendent may review files, internet history logs, monitor communications/content activities, and intercept and review email messages to maintain system integrity and to ensure compliance with Board policy and applicable laws and regulations. School system personnel shall monitor online activities of individuals who access the internet via school owned computers.

Terms of Use

Baldwin County Schools reserves the right to deny, revoke or suspend specific user privileges and/or take other disciplinary action, including suspensions or expulsion from school, for violations of this policy. District and technology administration reserves the right to examine, use and disclose any data found in the district network and/or equipment in order to further the health, safety, discipline or security of the school community. Additionally, all handbook regulations apply to the use of the district network, internet, and electronic resources.

Disclaimer

6. Alert a teacher or other staff member if I see threatening, inappropriate, or harmful content (images, messages, and posts) online.
7. Use school technologies at appropriate times and in approved places, for educational pursuits. Cite sources when using online sites and resources for research.

1. Use school technologies in a way that could be personally or physically harmful.
2. Attempt to find inappropriate images or content; intent to seek inappropriate images or content is a violation of this Responsible Use Policy.
3. Create a personal mobile “hot-spot” or utilize a “proxy site” for the purpose of circumventing network safety measures and filtering tools.
4. Create, distribute or deploy multi-user servers or gaming software on or within the MPS network.
5. Engage in cyberbullying, harassment, or disrespectful conduct toward others.

14. This is not intended to be an exhaustive list. Users should use their own good judgment when using school technologies.

CIPA

Baldwin County Schools is in compliance with the Children’s internet Protection Act (CIPA) and has installed technology protection measures for all computers in the school corporation. A technology protection measure is in place that blocks or filters internet access. This filter protects against access by adults and minors to visual depictions that are obscene, child pornography, or — with respect to use of computers with internet access by minors — harmful to minors. The content filter does monitor the online activities of minors and may be reviewed when deemed necessary.

The District has the right to place reasonable restrictions on the material you access or post through the system. Students who violate the RUP will be subject to student disciplinary code outlined in the Medford Student/Parent handbooks.

The Acceptable Use Policy (AUP) applies to:

School-owned technology on the District internet/network, on non-school networks and offline.

Privately owned technology that is connected to the District internet/network and on privately owned networks while on school property.

BCSD Student Device Policies and Procedures

Chromebook Distribution

Parents/Guardians must sign that they have read and understand the BCSD Chromebook User Policy before a device can be issued to their child. Students and parents will be responsible for the care of the device throughout the school year. All students will be expected to use a school-issued Chromebook during the school day.

Chromebook Distribution

- Kindergarten through 2nd-grade students will be assigned a device that may be taken from class to class but will not be taken home. Each K-2 teacher will have a cart to store and charge these devices.
- Third through Fifth-grade students may leave their devices at school unless the parent wishes for their child to bring the device home. **If you want your child to bring his/her Chromebook home, please request a Chromebook Release Form from his/her teacher.**
- Sixth through 12th-grade students will be assigned a device and a power cord. These devices will be taken home daily and should be brought to school fully charged and ready for the day. **The charging cord should be left at home. Bringing the cord to school increases the risk of loss. Lost or damaged cords are \$35. If a student comes to school without a charged device, he/she will receive bookwork for the day and be required to make up missed classwork that evening.**

Chromebook Fees

- All Baldwin County students will be charged a technology fee of \$30 per year. Once the entire fee of \$30 has been paid, the student will be eligible for \$100 worth of accidental damages. **THIS EXCLUDES THE LOSS OF POWER CORDS.** Power cords are \$35.
- Students will be charged for each repair within Infinite Campus. If the repair is covered by the Technology Fee, the fee will still be adjusted accordingly.
- The student will receive a loaner device until the repair is completed and the cost of the repair is paid. **If not paid, the student will continue to use the loaner device.**
- If a device is lost or stolen, the student will have to pay \$350 to replace the device or provide a police report. The Technology Fee does not cover a lost or stolen power cord or Chromebook.

Student Withdrawal (GA State Law)

Mandatory attendance in a public school, private school, or home school program shall be required for children between their sixth and sixteenth birthday. Such mandatory attendance shall not be required where the child has successfully completed all requirements for a high school diploma.

- Any minor OVER the age of mandatory attendance (16-18) who has not completed all requirements for a high school diploma who wishes to withdraw from school must have the written permission of his or her parents or legal guardian prior to withdrawing. Prior to accepting such permission, the school principal or designee shall convene a conference with the child and parent or legal guardian within two school days of receiving notice of the intent of the child to withdraw from school. The principal or designee shall make a reasonable attempt to share with the student and parent or guardian the educational options available, including the opportunity to pursue a general education development (GED) diploma and the consequences of not having earned a high school diploma, including lower lifetime earnings, fewer jobs for which the student will be qualified, and the inability to avail oneself of higher educational opportunities.

Attendance and Tardy Policies

Regular school attendance gives children a solid foundation for a happier and more successful future. Everyone benefits when children attend school regularly. Parents can and will influence their child's attitude toward school and learning through what they say and more importantly, by what they do. We need everyone to work with us in making this aspect of school a total success.

Attendance Policy for students under the age of 16

Students at Baldwin High School who are under the age of 16 are covered by the State of Georgia Compulsory Attendance Law (OCGA 20-2-690.1). This law requires students to **regularly** attend school until their 16th birthday. The Georgia Compulsory Attendance Law requires that the School provide each parent/guardian a written summary of possible consequences and penalties for failing to comply with the compulsory Attendance Law.

The parent/guardian and student shall sign a statement indicating receipt of such written statement and indicating that they have read and understand the Attendance Policy of the Baldwin County Board of Education as documented in the School Handbook.

Perfect Attendance

Students who are present for all of the class blocks for every school day will be recognized for perfect attendance awards.

Georgia Driver's License

Students under the age of 18 must maintain satisfactory attendance in their classes according to Georgia state law (HB 1190) to obtain and maintain a valid Georgia permit or driver's license. Recent legislative changes have transitioned the reporting of Home School attendance from the local school boards to the Department of Education (DOE) Headquarters. In order to assist in this transition, DDS has begun accepting the Department of Education's "Declaration of Intent To Utilize a Home Study Program" (HSPDOI, DOI) as proof of attendance in a Home School program.

The "Declaration of Intent to Utilize a Home Study Program" form must indicate a 30 digit Department of Education number on the Signature Parent/Guardian line. The Date submitted is optional. This form is not a certified form.

Temporary Driving Permit

A student can obtain a temporary driving permit from the Department of Driver Services to drive to and from work with a suspended license, if he or she has demonstrated the need for the permit. The permit would only be granted if the driver's license has been suspended for a school-related infraction or for dropping out of school.

The note is to be signed by parent/guardian and each classroom teacher. After all signatures are obtained, the note is turned in to the attendance office. Verification of attendance from the college is required and should be turned in to the attendance office.

It is the responsibility of the student to complete any work missed while away. If the student follows the above procedures, the absence is considered a School Sponsored Activity (SSA day).

Students who become ill during the school day should report to their regularly scheduled teacher. The teacher will call the nurse and the nurse will report to the classroom to check on the student and bring them back to the nurse's station if treatment is needed. Students are not to report to the nurse on their own.

If an emergency arises, arrangements will be made for getting students to a doctor/hospital via ambulance. If a student is carried to a doctor or the hospital, the parent will be notified immediately and is expected to come and assume responsibility for the student.

Emergency Contacts

In the interest of students, it is critical that the school be able to contact parents at any time the child is at school. Therefore, it is essential that the school has on file the parent's current address and home and business telephone numbers in case a parent cannot be reached. If parents move or change jobs, they should contact the school immediately to update this important information.

Mandatory School Uniforms for all Baldwin County Students

School uniforms help to boost a child's self-esteem and encourage the main focus in the classroom to be on education and not on fashion. The potential benefits of school uniforms include instilling discipline, helping

Baldwin High School

students resist peer pressure, and helping school officials recognize intruders who come to the school. All Baldwin County students will be expected to wear uniforms Monday-Friday unless the Principal approves dress down days.

We recognize the student's right to express individuality must be balanced with the need to create a positive learning environment with minimal distractions. Proper grooming and appropriate dress have a positive impact on student achievement and conduct. Please refer to the individual teacher's course syllabus for the homework percentage. The teachers provide students with a syllabus for each course taken at the beginning of each semester.

Local Area Network Access and Usage Policy

The Baldwin county School district provides limited access to the Internet in a non-public forum as a service to our students. The Internet is a resource that enables students to connect to information beyond that contained in the District's libraries. It is the district's policy to provide Internet access to students within the limits of available space, equipment, time, personnel, and other resources. The District cannot guarantee access to the Internet at any given time.

The District may recommend interesting, useful, and legal Internet destinations and resources for students to access and explore. However, the Internet is currently an ungoverned and unregulated source of both verified and unverified information. While the Internet does contain a wealth of useful material, it also provides access to sites containing material that some students and employees may find offensive or objectionable as well as access to sites that may be illegal, unlawful, or obscene. Therefore, the District adopts this internet Safety Policy which requires the use of technology protection measures (TPM) on all internet use within the

Baldwin High School

school system. Such TPM's will only be disabled for bona fide research or other lawful purposes. The Director of Technology shall enforce this Policy with the backing of the Superintendent. As a part of the enforcement, the Director of Technology shall monitor the online activities of students and employees.

The Student Internet Safety Policy is intended to affirm and advance the following governmental interests:

- The protection of children from exposure to obscene material, child pornography, or material harmful to them;
- The aid and support of parents and/or guardians of children in the discharge of their primary responsibility for their children's well-being;
- The prevention of the creation of a sexually hostile work environment for students and employees, and the prevention of discriminatory conduct;
- The maintenance of discipline and order, and the limitation of disruptions in the schools;
- The minimization of providing access to pornography;
- The promotion of respect for authority and traditional values, be they social, moral, or political; and
- With respect to minors, the exclusion of material which is "pervasively vulgar" or "educationally unsuitable" for the respective recipient age group.

*Please refer to the Baldwin County School System Website under Technology for the complete Internet Usage Policy.

ADA Grievance Procedure

The Baldwin County Board of Education has adopted an internal grievance procedure providing for prompt and equitable resolution of complaints alleging any action prohibited by the U. S. Department of Justice regulations implementing Title II of the Americans with Disabilities Act. Title II states, in part, that "no otherwise qualified disabled individual shall, solely by reason of such disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination" in programs or activities sponsored by a public entity. Complaints should be addressed to the Director of Programs for Exceptional Children, who has been designated to coordinate ADA compliance efforts.

- Complaints should be filed in writing or verbally, contain the name and address of the person filing it,

Baldwin High School

and briefly describe the alleged violation of the regulations.

- A complaint should be filed within ten (10) days after the complainant becomes aware of the alleged violation. (Processing of allegations of discrimination which occurred will be considered on a case-by-case basis.)
- An investigation, as may be appropriate, shall follow a filing of complaint. A local school representative shall conduct the investigation. These rules contemplate informal but thorough investigations affording all interested persons and their representatives, if any, an opportunity to submit evidence relevant to a complaint.
- Under the Department of Justice regulations, the Baldwin County Board of Education needs not process complaints from applicants for employment or from applicants for admission to post-secondary educational institutions.
- A written determination as to the validity of the complaint and description of the resolution, if any, shall be issued by the Director of Programs for Exceptional Children and a copy forwarded to the complainant no later than ten (10) days after its filing.
- The ADA coordinator shall maintain the files and records of the Baldwin County Board of Education relating to the complaints filed.
- The complainant can request a reconsideration of the case in instances where he or she is dissatisfied with the resolution. The request for reconsideration should be made within ten (10) days to the Superintendent of Schools.
- The right of a person to a prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies such as the filing of an ADA complaint with the responsible federal government or agency. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies.
- These rules can be construed to protect the substantive rights of interested persons to meet appropriate due process standards, and to assure that the Baldwin County Board of Education complies with the ADA and implements regulations.

Procedure to Resolve Parent/Teacher Disagreements

Occasionally academic or discipline problems may arise. School staff members are there to help resolve these difficulties. Frequently, a phone call or conference is all that is necessary. The school office will be happy to arrange for a teacher to call, or the school office will set up a conference with a school staff member.

- When a complaint concerns a policy or procedure at Baldwin High School, the first step is to discuss it in conference with the principal of the school.
- If the problem is not resolved as a result of the conference with the principal, it may be appealed to the Deputy Superintendent of Schools. The final appeal in the complaint procedure is to the Superintendent.

Title-I-BHS Parent Involvement Policy

In support of strengthening student academic achievement, **Baldwin High School** receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by section 1116(b) and (c) of the Every Student Succeeds Act (ESSA). The policy establishes the school's expectations for parent and family engagement and describes how the school will implement a number of specific parent and family engagement activities, and it is incorporated into the school's plan submitted to the local educational agency (LEA).

Baldwin High School agrees to implement the following requirements as outlined by Section 1116:

Baldwin High School

- Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, Part A, including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan under Section 1114(b) of the Every Student Succeeds Act (ESSA).
- Update the school parent and family engagement policy periodically to meet the changing needs of parents and the school, distribute it to the parents of participating children, and make the parent and family engagement policy available to the local community.
- Provide full opportunities, to the extent practicable, for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format, including alternative formats upon request and, to the extent practicable, in a language parents understand.
- If the schoolwide program plan under Section 1114(b) of the ESSA is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the local educational agency.
- Be governed by the following statutory definition of parent and family engagement and will carry out programs, activities, and procedures in accordance with this definition:

Parent and Family Engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) Parents play an integral role in assisting their child's learning
- (B) Parents are encouraged to be actively involved in their child's education at school
- (C) Parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child
- (D) Other activities are carried out, such as those described in Section 1116 of the ESSA

Parents Right to Know

In Georgia, all LEA schools are required to notify parents at the beginning of the school year of their 'right to know' the professional qualifications of the student's classroom teacher(s) and paraprofessional(s).

In compliance with the requirements of the Every Student Succeeds Act, parents may request the following information:

1. Whether the student's teacher-
 - has met the State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - is teaching under emergency or other provisional status through which state qualification or licensing certification criteria have been waived; and
 - is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

The staff of Baldwin High school is committed to helping your child reach his or her maximum academic potential throughout their school career. That commitment includes making sure that all of our teachers and paraprofessionals are highly skilled and delivering quality instruction to your child.

Parents who wish to request information concerning their child's teacher qualifications may contact in writing the Baldwin County Personnel Office at 110 North ABC Drive, Milledgeville, Georgia 31061 for this information.

Section 504

Section 504 of the Rehabilitation Act of 1973, as amended, is designed to eliminate discrimination based

Baldwin High School

on disability in any program or activity receiving federal financial assistance. This act requires that no qualified student who demonstrates (1) a physical or mental impairment, (2) that substantially limits, (3) one or more major life activities, (i.e. self-care, performing manual tasks, walking, seeing, hearing, speaking, breathing, working, learning, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, operation of a major bodily function, and communicating) shall be excluded from participation in, be denied the benefit of, or be subject to discrimination in any program or activity offered by Baldwin County School District (the "District").

Each student who is determined to have a disability under Section 504 has the right to an appropriate education to meet his or her individual educational needs as adequately as the needs of non-disabled students. While services provided to qualified students are not required to produce identical results or levels of achievement with nondisabled peers, services must be designed to offer an equal opportunity to gain the same benefit within the least restrictive environment with non-disabled peers to the maximum extent appropriate. If it is determined that a student is eligible for special education, special educational services will be provided under the Individuals with Disabilities Education Act (IDEA) through an Individualized Education Plan (IEP).

Family Educational Rights and Privacy Act

Under the Family Education Rights & Privacy Act, you have a right to:

- Inspect and review, within 45 days of a request, the education records of a student who is eighteen (18) years of age or older or those who are emancipated, your own educational records. Parents or eligible students should submit to the child's school principal a written request and identify the record(s) they wish to inspect. The child's school principal will make arrangements for access and provide notice of such arrangements.
- Request an amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write to the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.
- Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the Act and the regulations promulgated pursuant to the Act authorize disclosure without consent. One exception, which permits disclosure without consent, is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member; a member of the school board;
- A person with whom the district has contracted to perform a specific task (such as attorney, auditor, or therapist); or a parent or student serving on an official committee (such as disciplinary or grievance committee). A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility. Upon request, the school district shall forward educational records without prior consent to another school in which the student seeks or intends to enroll.
- File with the United State Department of Education a complaint under 20 C.F.R. 99.64 concerning the alleged failures by the BCBOE to comply with the requirements of the Act or the regulations promulgated thereunder. Child Abuse and Neglect: Mandatory Reporting Requirements

The Baldwin County School District is committed to providing the best possible and most appropriate learning experiences for all children. Occasionally, there are factors in a student's appearance and behavior that lead to suspicions of child abuse or neglect. Georgia law requires that all educators and other school employees, including volunteers, report *suspected* abuse or neglect to the proper authorities in order that children may be protected from harm and the family may be helped.

School District policy supports Georgia laws in this regard and requires that all school staff report suspected or alleged abuse and neglect to the Department of Family and Children's Services and local law enforcement officials. At all times, the intent is to protect children from harm by providing services to maintain and strengthen the child's own family. Should you have questions regarding the information in this notice, feel free to discuss them with appropriate staff in your child's school.

Baldwin County School District High School Student Code of Conduct 2023-2024

Students and parents should recognize their responsibility to know the contents of this discipline Handbook and to ask faculty or staff members for any clarification. The Baldwin County Board of Education does not discriminate on the basis of race, religion, color, sex, sexual orientation, gender identity, age, national origin, handicap, or disability in its educational programs, activities, or employment decisions.

Why do we have a code of conduct?

It is the policy of the Baldwin County Board of Education (Board) that each school within this school district shall develop and implement age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law and State Board of Education Rules. At a minimum, each code of conduct shall include the following:

1. Standards of student behavior during school hours, at school related functions, on school buses and at school bus stops designed to create the expectation that students will behave themselves in such a way as to facilitate a learning environment for themselves and other students. The standards should also be designed to encourage students to respect each other and school district employees, to motivate

Baldwin High School

students to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within this school district;

2. Behavior support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;
3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by each school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;
4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors that detract from the learning environment; and
5. All other specific requirements as set forth in any existing State Board of Education Rule or in Georgia law.

The principal is the designated leader of the school and in concert with the staff is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct not covered in this Code of Conduct the principal may undertake corrective measures, which he/she believes to be in the best interest of the student, and the school, provided any such action does not violate school board policy or procedures. The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law.

Statement of Purpose

The purpose of this Code of Student Conduct is as follows:

1. To ensure an environment for learning which is protected from interruption and harassment;
2. To provide information to students and parents about the school system's rules of conduct and possible penalties for violations of these rules;
3. To provide uniform administration of discipline in the schools; and
4. To inform students and parents of when and under what circumstances the Code of Student Conduct applies.

As noted, these rules are designed to notify students of the types and range of behaviors that are unacceptable. However, it is not possible to specifically list every particular type of misconduct that is prohibited. Even though a particular type of misconduct is not listed as prohibited behavior, a student may nonetheless be punished for misbehavior that is criminal, threatens safety, or is substantially disruptive.

When the Code of Student Conduct Applies

The rules contained in the Code of Student Conduct apply both during and outside normal school hours to students who are:

- A. On school property, including at a designated school bus stop;
- B. Off school property while attending a school-related activity, function, or event;
- C. While using a school issued device in violation of the Code of Conduct;
- D. In route to or from school or school related activities;
- E. Off school property but who engage in conduct which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to the health or safety of others or which would disrupt the educational process; or

Baldwin High School

F. Off-campus but who engage in expressive conduct (e.g., text messaging, internet posting) which, the student promotes or distributes while the student is on school property or at a school-related activity, or which causes, or reasonably threatens to cause, a risk of material and substantial disruption to the orderly operation of the school.

EXPECTED BEHAVIOR What Students Should Do

Expected behavior is that behavior which promotes learning and is appropriate under the circumstances.

Students should:

Participate Fully in the Learning Process: Students should report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.

Avoid Behavior That Impairs Their Own or Other Students' Educational Achievement: Students should know and avoid the behaviors prohibited by this Code, take care of their books and other instructional materials, and cooperate with others.

Show Respect for the Knowledge and Authority of Teachers, Administrators, and Other School Personnel: Students must obey directions, use acceptable and courteous language, and avoid being rude or disrespectful, and follow school rules and procedures.

POSITIVE BEHAVIOR INTERVENTIONS & SUPPORTS Positive School Climate

Baldwin County School District has a focus on implementing Positive Behavior Interventions & Supports (PBIS) district wide. Every Baldwin County school has developed an individual PBIS plan to ensure equitable practices in creating a positive school climate. The PBIS process is an evidence-based framework that assists school teams in implementing systems change. The primary goal of the PBIS framework is to help schools design effective environments that increase teaching and learning for all students. Through a problem-solving approach, the PBIS framework begins with examining and improving the entire school climate. Teams use data to examine the reasons behaviors are occurring and then implement changes and interventions designed to address the identified needs. PBIS is a preventative and proactive system of addressing discipline problems that includes fair and consistent discipline practices.

Baldwin High School

1. Notify the student's parent or guardian as soon as practical. The parent shall be notified by a telephone call and certified mail with a return receipt requested or first class mail.
2. Invite the parent to the school to observe the student in a classroom situation.
3. Give the parent an opportunity to schedule and attend a conference with the principal and/or teacher(s) to devise a disciplinary and behavioral correction plan. (O.C.G.A. § 20-2-765).
4. If not already in the Response to Intervention (RTI) process, the student will be referred to Tier 3.

Before any chronic disciplinary problem student returns from an expulsion, long-term suspension or short-term out-of-school suspension, the principal of the school to which the student is to be re-admitted shall:

1. Request that the parent schedule and attend a conference with the principal so as to devise, update, or modify a disciplinary and behavioral correction plan.
2. At their discretion, invite a teacher, counselor, or other person to attend the conference. Failure of the parent to attend shall not preclude the student from being re-admitted to the school.
3. Ensure that a notation of the conference is placed in the student's permanent file.
4. The RTI Process will be employed in the readmission process, documented, and a copy placed in the student's permanent file.

Response to Intervention (RTI)

Response to Intervention is a regular education process for students experiencing problems of an academic, social or behavioral nature in school. RTI involves an interdisciplinary group that works collectively to improve the delivery of instructional services to students as well as serves as a resource for teachers and other educators in the delivery of these services.

Parents may be invited to participate in the meetings to discuss their child's RTI status and in the development of interventions for their child. Parent participation is encouraged. The RTI documents shall be placed in the student's permanent file and copies given to all involved. If an RTI plan is utilized as a result of a discipline referral, parents shall receive a copy of the report and information on how to contact the principal.

It is recommended that after five (5) cumulative days of out-of-school suspension, the RTI process be initiated. At this time, consideration of the student's behavior, lack of response to the behavior correction plan, and lack of response to being removed from the regular program must be considered. When the number of out-of-school suspension days reaches eleven (11) or more in any semester, the RTI process shall be initiated to develop or review the behavior correction plan and document the need for the out-of-school option or alternative educational placement.

DISCIPLINARY ACTIONS & PROCEDURES

1. GENERAL PROVISIONS:

a) A student whose behavior repeatedly or substantially interferes with the teacher's ability to teach the class, and where such behavior violates this Code of Conduct, may be removed from that class and reassigned to another educational setting. In addition, punishment consistent with the code violation may be imposed.

Baldwin High School

A principal or assistant principal may suspend a student without notice of the reason for the suspension or an opportunity to provide an explanation if the student is intoxicated, under the influence of drugs, or where his/her presence otherwise poses a continuing danger to others or a disruption to normal school operations. In such cases, however, the informal hearing outlined above shall occur as soon as practicable.

When an alleged assault or battery on a school bus driver occurs, the student must have a disciplinary hearing.

6. APPEALS:
